### PEER REVIEW

Effective November 12, 2004, a peer review is required for each firm where attest or compilation services are performed. During the three (3) year period preceding a firm's application for renewal of a permit under IC 25-2.1-5, a firm shall complete a peer review in compliance with 872 IAC 1-6 unless the firm is not required to have a peer review under 872 IAC 1-6-9(d)(2) or (3) of the accountancy rules. You may find the entire statute and rules on our web site at [www.pla.in.gov](http://www.pla.in.gov).

**If you responded "yes" to question #2 above, please note that your firm must have enrolled in a peer review program with the Administering Entity.** The Administering Entity may be any state's CPA or PA Society. If your firm qualifies to perform Securities and Exchange Commission (SEC) company audits, the administrative body would be the AICPA Center for Public Company Audit Firms (CPCAF).

Those firms currently enrolled in, but who have not yet completed, a peer review program will be assigned a temporary 90 day permit status of "Valid to Practice While Reviewed". These firms will be notified of what documentation must be submitted in order to renew their permit to an active status. Firms placed in this temporary status are permitted to continue work, however will not be able to print/order a certificate until the renewal has been completed and an active permit status has been assigned.
